TEN CENTS A WEEK.

DR. EVANS WAS MATCH FOR JEROME

Each Despises the
Other and the
Result Was

A Battle Royal of Wits
Between the Prosec-
uting Attorney and
The Expert

MANY LETTERS INTRODUCED

Which Were Given to the
Witness Upon Which to Form
Opinion of Thaw's Sanity.

New York, Feb. 28.—Information tending to prove that Evelyn Nesbit became Harry Thaw's wife before she related to him the story of her wrongs at Stanford-White's hands, is now in District Attorney Jerome's possession according to the Evening Journal. The marriage was performed, the latest story is, during the couple's first visit to Paris in 1903. The information is said to have reached Jerome through Nina Farrington, an actress, who is said to have written to a friend in New York telling of the marriage. In this letter Miss Farrington said Thaw was denying the marriage, in the hope that he might return to America and secure his family's forgiveness before it became public.

THAW CONFIDENT.
Thaw told his keepers this morning that he felt more confident of acquittal than ever before. He came into the court room smiling.

Four men carried Jerome's books on insanity into court and they made a familiar library when placed on his table. Jerome arrived before any of the other attorneys, and went over his material for continuing the examination of Expert Evans. District Attorney Jerome gave Evans so many exhibits in evidence to read during the night that the New Jersey expert had no time to rub up on the final points to be considered today.

Dr. Evans was called as the first witness. He came in with a bright, smiling face, showing no signs of loss of sleep, reading the exhibits. When he took the witness stand Jerome asked him if he had brought the book on the "physiology of the mind," which he was asked to bring.

The expert said he had. The alienist had several notebooks and papers in addition to the specified volume.

IMMEDIATELY LOCK HORNS.

Jerome and Dr. Evans locked horns almost as soon as the examination began and it was evident from the start that the fight between them would be bitter.

Jerome tried to force Dr. Evans to give yes or no answers to certain questions, but this the witness declined to do.

Again and again the same questions were repeated and Dr. Evans parried them with evasive answers.

EXPERT EXPLAINS.

In spite of all the efforts that had been made to have Dr. Evans declare himself on Thaw's letters early in the examination he took a long time to read the letters Thaw wrote to Lawyer Longfellow from Paris in 1903.

"Have you read the exhibits given you last night?" Jerome began.

Dr. Evans went on to explain that he had to read both the photographic copies of the letters and originals hurriedly, but had not studied them as carefully as they deserved. Jerome repeated the question half a dozen times, but could not drive the doctor into a direct answer.

"Have you read the will and codi-

cil?" Jerome finally asked, giving up the useless attempt.

"Yes."

"Have you read the letters, people's exhibits 60?"

This is supposed to be the letter Thaw wrote from Paris when he was abroad with Evelyn Nesbit, describing the gay time they were having. Dr. Evans commented on the fact that some of the letters bore no address, and Jerome wanted to know if this made any difference in the relative value of the letters, as showing evidence of insanity.

EVANS TIRES JEROME

Dr. Evans tires into one of his long explanatory replies which Jerome has characterized as "speeches." Seeing the way the doctor was headed, Jerome sat down. Every time the doctor would pause, Jerome would start to rise. Dr. Evans was only pausing for a fresh breath, however, and would dash ahead with renewed energy and the prosecutor would steal a few minutes' rest. Jerome was kept bobbing up and down like a jack-in-the-box. When Evans had finished Jerome repeated the question but headed off a speech by demanding a direct answer.

"I know what you want," said the witness. "You want me to answer yes or no, and this I positively decline to do. It isn't fair. The question of address might be very important. A letter addressed to a business man about a car load of potatoes would be proper, but the same letter, if addressed to a society woman would be ridiculous."

LONGFELLOW LETTERS.

The Longfellow letters were taken up. They include letters written by Thaw to Evelyn and Attorney Longfellow. They were read early in the trial and caused much attention on account of their disconnected and apparently meaningless sentences.

Dr. Evans had "done his best," but he was not sufficiently familiar with the contents of the letters to answer Jerome's question as to whether one was of more importance than the others, in reaching an opinion as to the mental condition of the writer. The court was forced once more to sit quietly while Dr. Evans leisurely read the letters.

"Do the letters indicate a sound or unsound mind?"

"To my mind they indicate a mental instability."

"By mental instability do you mean insanity?"

"I mean that at the time of the writing the writer was mentally unbalanced, but I do not mean that he was permanently insane. It was a condition that might last only a few hours."

"Was it a pathological condition?"

"I believe it was."

"What kind of pathological condition?"

"I cannot answer that question. It would be unfair to me," said Dr. Evans. He lost no opportunity to criticize the wording and form of Jerome's questions.

"Select one letter that shows mental insanity growing from a pathological condition."

Evans took the letters and spent so much time looking over them that he quite forgot the question and had to ask the stenographer to read it to him.

CASH REGISTER COMPANY MAY MOVE TO BOSTON

Boston, Feb. 28.—There is a chance that the National Cash Register company may move from Dayton, Ohio, to Boston.

Mayor Fitzgerald today instructed the secretary of the city's publicity bureau to formally invite the company to bring its vast plant to this city. The company has already signified its willingness to consider definite proposals.

\$125,000 FIRE AT CLEVELAND

Cleveland, O., Feb. 28.—Sweeping almost with the suddenness of an explosion from bottom to top of the four-story Waldheim building last night, fire did \$125,000 property damage, cost one life and for a time threatened the destruction of a large section of the Ontario street business district. The victim, a man named Schaffer, occupied a room in a lodging house, adjoining the Waldheim building. The structure did not burn but was so filled with smoke that Schaffer was suffocated. Fifty other lodgers had narrow escapes.

The Waldheim building was occupied by Brown brothers furniture dealers. The Charles F. Brush estate owned the building. Firemen think the blaze was accidental, though the theory of incendiarism is being investigated.

Plant of the old Vincennes (Ind.) distilling company was partially destroyed by fire. The loss is estimated at between \$150,000 and \$225,000.

SENATE AGREES TO THE REPORT OF CONFERENCE

ON THE APPROPRIATIONS TO BE
MADE FOR RIVERS AND
HARBORS.

VIOLATION OF NEUTRALITY

Complained of by Central American
Republics—Congressional Do-
ings—Washington News.

Washington, Feb. 28.—After listening to an argument by Senator Patterson of Colorado in favor of government ownership of railroads, the senate agreed to the conference report on the river and harbor appropriation bill. Protests were vigorously made against the reduction from \$650,000 to \$250,000 of the amount for improvements in the Mississippi river between Cairo and St. Louis by Senators Hopkins, Culbom, Stone, Allison and Overman. The smaller amount prevailed. The senate passed without discussion the Daniel Ells establishing "the foundation for the promotion of industrial peace." It authorizes a board of trustees to receive from President Roosevelt the Nobel peace prize as the nucleus of a fund to bring together at Washington periodically representatives of capital and labor to discuss labor problems. The expatriation bill also was passed.

To Enforce Neutrality.

Washington, Feb. 28.—The state department has received complaints from several of the diplomatic and consular officers of the Central American republics to the effect that arms and munitions of war were being shipped out of the United States and expeditions were forming to take part in the present war in Central America. The department has sent copies of these communications to the treasury department and the department of justice for the information of the officials, and in order that such action may be taken as will guard against any infringement of the neutrality of the United States ports.

From Canal Commission.

Washington, Feb. 28.—President Roosevelt had a conference at the White House with Secretary Taft and Secretary Root regarding the working out of the details of the reorganization scheme for the Panama canal work. It is understood that in addition to the changes in the commission already reported, it had been decided that Colonel Hains, United States army, retired, and Benjamin Ward, civil engineer, both members of the present commission, shall retire. Admiral Endicott, who is the only remaining member of the old commission, will be retained on the new commission, as the law requires that one civil engineer of the navy shall be included in its membership.

Changes in Postal Service.

Washington, Feb. 28.—Official announcement was made by Postmaster General Cortelyou of the resignation of W. S. Shallenberger, second assistant postmaster general. Mr. Shallenberger submitted his resignation to President Roosevelt on Feb. 7 and it was accepted by the president. Mr. Shallenberger will continue as second assistant probably for several weeks. Representative James T. McCleary of Minnesota, who retires from congress at the conclusion of the present session, will succeed Mr. Shallenberger as second assistant postmaster general. Edwin C. Madden, third assistant postmaster general, also will retire within a few weeks.

House Proceedings.

Washington, Feb. 28.—Conference reports were agreed to by the house on the river and harbor appropriation bill. The house concurred in the senate amendment in the army bill, providing for the retirement of certain brigadier generals who served in the civil war, with the rank of major general. Debate on the ship subsidy bill followed.

Takes Up Shortage Cases.

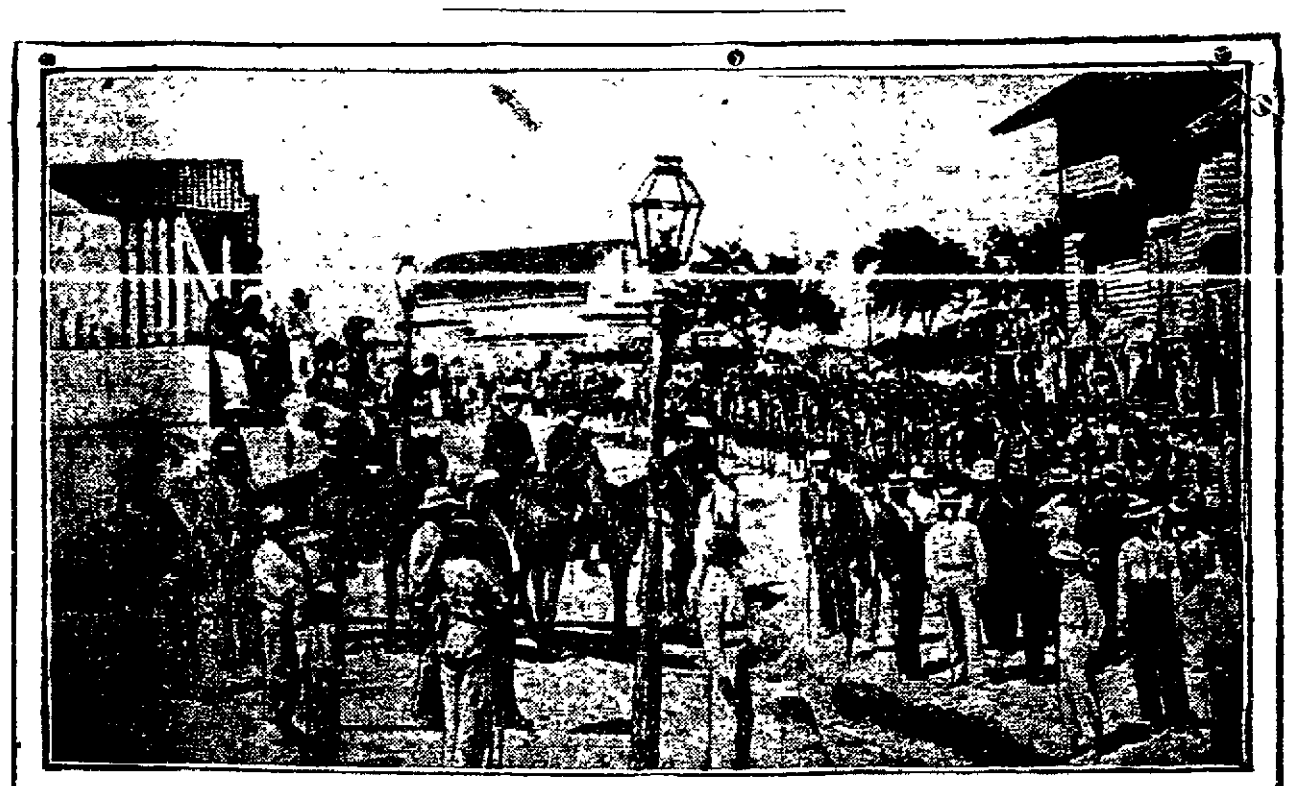

Washington, Feb. 28.—President Roosevelt has taken up with Secretary Shaw the matter of the shortage of \$173,000 recently discovered in the Chicago subtreasury. He asked the secretary for a statement as to the shortage and the facts. The president has also asked the secretary for a statement of the shortage recently discovered in the St. Louis subtreasury, which amounts to \$62,000.

Want Roosevelt in 1908.

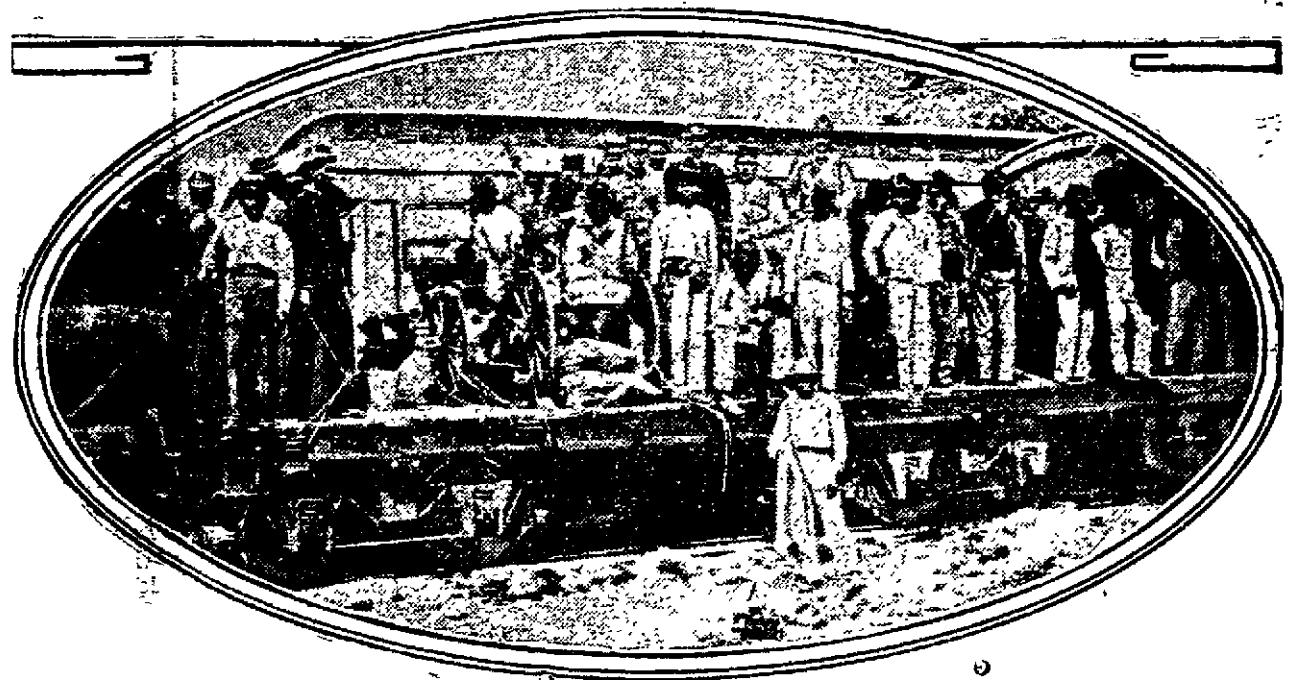

Washington, Feb. 28.—The first endorsement of President Roosevelt for the Republican presidential nomination in 1908 on the floor of the house was made by Representative Gronna of North Dakota, who, while opposing the ship subsidy bill, said that he is for Roosevelt for president in 1908 and so is his state. It will send a delegation to the convention to urge his nomination. This statement elicited applause from the Republicans.

A Louisiana woman supports herself by raising mint and a Jersey City woman makes a living by painting signs.

PRESIDENT OF NICARAGUA BLAMES HONDURAS FOR WAR.

PRESIDENT INSPECTING TROOPS

NICARAGUAN TROOPS GOING TO THE FRONT

This dispatch was received in New York yesterday by the Associated Press:

"Managua, Nicaragua, Saturday, Feb. 23, half-past eight p. m.—We went to war because Honduras forces attacked our small garrison on the frontier, looting, burning and killing."

We demand satisfaction and it was denied us; we agreed to accept whatever decision the arbitration court might render, but President Bonilla of Honduras, dissolved the court by withdrawing the Honduras arbitration.

"Nicaragua has triumphed in four combats over the Honduran forces without suffering one defeat. Our forces are today in the territory of Honduras."

"ZELAYA,"
"President of Nicaragua."

ONE ELECTROCUTION IN A NIGHT IS ENOUGH FOR WARDEN GOULD

Columbus, O., Feb. 28.—Declaring one electrocution a night enough for anyone, Warden Gould of the Ohio penitentiary, will ask the governor to postpone the execution either of Royal Fowler or Henry White, both of whom are under sentence to die between midnight and dawn of May 29th.

"An element of uneasiness accompanies all executions," said the warden, "and one man is hard enough to handle as the hour of death approaches. I don't mean we can't electrocute two a night, but there's no necessity for it, and it's better to do one and do it right. We have them safe in the annex and they can't get away."

STRIKE ORDER WAS ISSUED AFFECTING FIFTY THOUSAND MEN

Chicago, Feb. 28.—A strike order was authorized Wednesday night by the chief of the Railway Trainmen and the Order of Railway Conductors affecting 50,000 men in the employ of 49 railroads west, southwest and northwest of Chicago. A strike vote will precipitate the greatest tie up in railroad history.

All concessions offered by the general managers' committee were repudiated by the 200 chairmen in conference and now the matter is placed directly in the control of the membership of the two organizations.

Ballots were furnished the chairmen, and many of them left the city at once to place them in the hands of the men who are to determine what further action will be taken.

The lines involved embrace 55 per cent of the railroad mileage of the United States and Canada. The number of employees is about 100,000 including unorganized and those organized but not parties to the conference.

Some certain that a number of deaths will result from the epidemic which broke out while the American fleet was cruising about the West Indies. All the sick have been transferred to the naval hospital.

TYPHOID EPIDEMIC ABOARD BATTLESHIP

Norfolk, Va., Feb. 28.—The battleship Connecticut, proceeding from southern waters to New York with an epidemic of typhoid fever among her crew, was in communication with Norfolk by wireless telegraphy when off the Virginia capes. A message from the Connecticut says 15 of the men stricken with typhoid fever are in a critical condition.

A FLOATING HOSPITAL.

New York, Feb. 28.—A veritable floating hospital was the battleship Connecticut when steamed into port today ending a four days' race with death. Thirty-one members of the crew are in a critical condition with malignant typhoid fever and a number of others are indisposed. It

OLIVER ISSUES STATEMENT ON REJECTING BID

MADE BY HIM FOR THE CON-
STRUCTION OF THE PANAMA
CANAL.

Says the President Led Him to Be-
lieve That He Would be Given
the Contract

Washington, Feb. 28.—A number of telegrams have been received at the White House from the south asking the president to name W. J. Oliver, whose bid for the construction of the canal was rejected, as a member of the isthmian canal commission. Mr. Oliver, who is here, said that he would not accept a place on the commission if it were tendered him. When he has been officially notified that the bid of the Panama Canal Construction company has been rejected, Mr. Oliver will give out a statement for publication. "Only last Thursday," he said, "the president assured my friends that I would be given the contract, and he went as far as to say that he would be down in Panama next November and said that he was confident that by that time he would have the work well under way." The corporation organized by Mr. Oliver and known as the Panama Canal Construction company will at once be dissolved. Oliver says that he has spent \$10,000 in the preparation of his bids and in organization of the company.

SENATOR BAILEY WAS EXONERATED TRIUMPHANTLY

Austin, Tex., Feb. 28.—By a vote of 70 to 40, out of a possible 128 votes, 18 members being absent, Senator Joseph W. Bailey was exonerated by the lower house of the Texas legislature of any charges or acts in public life as alleged by Representative Cooke of the lower house on Jan. 1 last. On Monday, by a vote of 15 to 11, the senate exonerated Senator Bailey without waiting to hear the report of the investigating committee. The opponents of Senator Bailey pleaded to have the evidence submitted before being asked to vote, but the Bailey forces forced a vote and won out.

CUPOLA OF HOT METAL EXPLODED

Throwing Molten Iron
in Every Direc-
tion

Cause of Explosion Said
to Have Been in
Overloading the
Cupola

PARTICULARS HARD TO GET

As Policemen and Reporters
are Not Allowed Within
Company's Gates.

Pittsburg, Feb. 28.—An explosion attended with heavy damage occurred at the Jones & Laughlin Steel company's Elize furnace this morning. The entire top of the furnace was reported blown off, and molten metal fell in a shower over considerable area. Three physicians were summoned and a still alarm was sent in to the fire and police departments. A large crowd has congregated near the scene.

To a reporter visiting the plant it was stated that one man was dead, also that several were badly injured, and that one who happened to be walking along Second avenue had been knocked down and one of his arms broken.

According to information at the furnace the accident was caused by a "slip," which in most cases is caused by a furnace being overloaded. It is stated that the Jones & Laughlin furnace plant has been working to the limit of its production to meet the demands. When the "slip" occurred today the cupola was driven from its place with a terrific force, which at the same time scattered white-hot bricks, molten metal and heavy iron plates in every direction. The victims were caught in this rain of missiles which covers the ground immediately surrounding to a depth of more than two inches. Policemen and newspaper men were denied admittance within the gates, and the names of the victims, or in fact the full extent of the damage or casualties is not yet definitely known.

BILL INTRODUCED TO REPEAL ALL LIQUOR STATUTES

Washington, Feb. 28.—As a parting shot, Representative Webber of Ohio, who has gained much attention by his temperance work during his congressional career, now drawing to a close, will introduce a bill this week to repeal every statute by which Uncle Sam takes a dollar from the liquor traffic. Mr. Webber says that the law taxing liquors was signed by Abraham Lincoln with great reluctance and with the understanding that when the war was over it should be repealed.

"We cannot continue to have Uncle Sam's hands stained with ill-gotten gain," says Webber.

EMBEZZLEMENT

The Charge Against Two Bank Clerks Under Arrest.

Chicago, Feb. 28.—Charles W. Thornton, a note teller, and William W. Baker, a clerk, both employed by the Hamilton National bank of this city, were arrested charged with having embezzled \$10,000 of the bank's funds. According to government attorneys the men acknowledge that they took the money by the use of cashier's checks, altered certificates of deposit and false entries. High living is said to be responsible for their downfall.

ROYAL BAKING POWDER

Made from Pure Grape Cream of Tartar

The only excuse for buying anything but a Pure Grape Cream of Tartar Baking Powder is to save a few cents in price.

ROYAL costs you a few cents more per can than Alum or Phosphate of Lime powders, but it is worth far more than the difference to keep your biscuits, cakes and pastry free from the injurious effects of these cheapening substitutes.

Continued use of Alum means permanent injury to health.

Avoid Alum Ailments—Say plainly ROYAL BAKING POWDER

DEATHS AND FUNERALS

MRS. ALFRED PARRISH.
Hebron, O., Feb. 28—Mr. Alfred Parrish of the firm of Clunis & Parrish was called to his home near Fletcher chapel, on Monday, owing to the death of his mother, Mrs. Alfred Parrish. The funeral occurred Wednesday at Fletcher chapel. Word was just received here that the only brother of Mr. Parrish, died this morning at his home south of Fletcher chapel. He was an aged gentleman.

WILSON A. CAVEY.

Wilson A. Cavey, a well known and highly respected citizen, died at his home on West Steubenville avenue, Monday night at about 12 o'clock, after an illness of but two days, the result of a recent stroke of paralysis. Mr. Cavey was born in Maryland and was about 76 years of age at the time of his death. He was one of the first to be employed in laying the B. & O. railroad through this section. After the road had been completed through Guernsey county he was employed by the company as section foreman between Zanesville and Newark, for a number of years.

About 45 years ago he was married to Jane Moorhead and to this union were born seven children, four daughters and three sons as follows: Wm. A., of Zanesville; John of Can-

ton, and Alva of this city; Mrs. Anna Mercer of Columbus; Mrs. Lizzie Heninger, of Newark; Mrs. Minnie Bowser of Newark, and Mrs. Lillie D'Neil of this city.—Cambridge Jeffersonian.

OBITUARY.

In memory of our dear father, William Howell, who was born September 11, 1847, and departed this life February 18, 1907, aged 59 years, five months and seven days. He was married to Miss Wealthy E. Nichols February 28, 1869. To this union were born one son and one daughter, the son preceding him to the spirit land four years ago.

At the age of 17 he united with the Perry Baptist church, remaining a faithful member until his death. Besides the widow there remain the daughter, Mrs. Frank Rinehart, four brothers, two sisters and many friends to mourn the loss of a loving husband, father and neighbor. Beyond death's dark, cold river, Where all cares and pains shall cease, We shall meet again the loved one 'Neath the canopy of peace.

The Seattle, Wash., Times, gives the following reference to Mrs. Margaret Hunt, the well known former Newark woman who died in Charleston, Wash., last week.

Mrs. Margaret J. Hunt, wife of Thomas Hunt, died Tuesday morning at the home of her daughter, Mrs. M. M. Bowman. Mrs. Hunt was born at Newark, Ohio, March 23, 1830. Her grandfather, Captain Samuel Elliott, a Revolutionary officer, was one of the first settlers of Licking county, Ohio. Her parents died when she was 13 years of age.

She began teaching school at the age of 14 years, and taught in the Newark, Ohio, schools 12 years. In the meantime she educated herself, graduating at the Presbyterian Women's College at Granville, Ohio, in 1852. She was married to Thomas Hunt at Pataskala, Ohio, February 21, 1850. To this union there were born three daughters, all of whom, with her husband, survive her death. The daughters are Mrs. Chas. W. Latham, of West Seattle; Mrs. S. J. Bower of Fremont; and Mrs. M. L. Bowman, of this place.

Mr. and Mrs. Hunt moved with their family to Lebo, Kas., in 1856. In 1895 the family moved to Bothell, Wash., where the aged couple have made their home until their health

failed, since which time they have made their home with their daughters.

Mrs. Hunt has been an active member of the Presbyterian church since early girlhood and was a member of the Eastern Star for many years. The funeral will take place from Carlton's undertaking parlors at Fremont, on Wednesday at 1 p. m. Interment in Mount Pleasant cemetery.

MRS. ESTHER ROSS.

Lock, O., Feb. 28—Mrs. Esther Ross, one of the old pioneer settlers of this community died at the home of her daughter, Mrs. C. B. Jackson Wednesday morning from the infirmities of old age. The deceased was 81 years of age and is survived by one daughter, Mrs. C. B. Jackson, of near Lock.

LONG AND McCAMENT

Well Known Firm of Undertakers Has Dissolved, C. L. H. Long Retiring.

The undertaking firm of Long & McCament was dissolved Thursday. Mr. McCament purchasing the interest of his partner. Mr. McCament will continue business at the old stand. He is a practical, up to date embalmer, having had a number of years' experience, and being a graduate of several embalming colleges. During the two years he has been engaged in business in Newark he has made many friends. Mr. Long will devote his entire time to his editorial work on the American Tribune.

ABOUT PEOPLE

Short Personal Items Gathered During the Day.

John and Wade Morn of Johnston were in the city Thursday.

Mrs. Joseph McCurdy of 93 South Fourth street, is quite ill from the grip.

Mr. Thomas B. Merrill of 147 West Canal street is lying very ill with spinal trouble.

Clyde Ramey is very ill at the home of his grandmother, Mrs. Eliah Ramey, north of Granville.

Mrs. William Pease, Channel street, was called to Johnston Thursday on the illness of her father.

Mrs. Charles Lee of No. 4 Western avenue is confined to her home with a severe attack of lumbago.

Mr. D. Bingham of Hawley, Pa., is visiting his son, Justin Bingham, at his home on Buckingham street.

Mr. A. M. Schiff, proprietor of "The Fair," on West Main street, is in New York purchasing his spring stock of goods.

Mr. J. H. Newton, who has been confined to his home with the grip, for more than a week, is now able to be up.

Mr. D. O. Thomas of Sharon Valley, who has been very ill with pneumonia for the past three weeks, is slowly improving.

Mrs. E. H. Rock and daughter of Cleveland, are visiting their parents, Mr. and Mrs. William Harrington of Cedar street.

Mr. Riley Barber, merchant, at New Way, who has been seriously ill from heart trouble, is reported to be in a very dangerous condition. Drs. King and Barnes of Granville and Dr. Wolfe of Applton were in consultation over the condition of Mr. Barber.

TONIGHT'S MASS MEETING.

Attend tonight's mass meeting of Newark citizens in the city council chamber. The Board of Trade urges you to attend.

THE HEART CAN'T STAND RHEUMATIC ACID POISONING

To Free and Correct the Blood a URIC-O Treatment is Advised.

There is great danger in those sharp, shooting pains throughout the body, especially about the region of the heart. It means that poisonous uric and rheumatic acids are there ready to grip tightly the muscles controlling this organ. Don't neglect these warnings, for they are the danger signals' nature flashes to you for help. There is but one way to overcome this poisonous foe, and that is a thorough treatment with Smith's Specific URIC-O. If your system is filled with neuralgia, and if your blood and kidneys are diseased with rheumatic poison, there is no surer way on earth to get relief than through the use of URIC-O. URIC-O is a harmless liquid internal remedy, taken in small doses three times a day, and does not contain a drop of alcohol, opium, or other dangerous poisons. URIC-O is simply a cure for Sciatica, Muscular, Inflammatory and Articular Rheumatism. They all yield readily to URIC-O treatment. Your druggist sells URIC-O at \$1.00 per bottle. If he does not keep the remedy, you can obtain the same by addressing the makers of URIC-O, the SMITH DRUG COMPANY, SYRACUSE, N. Y. URIC-O is sold and recommended in Newark by Frank D. Hall, North Side Square.

NEWARK BUSINESS COLLEGE.

RICHARD CONLEY BROKE SHOULDER IN SEVERE FALL

Mr. Richard Conley, ex-township trustee, who resides on Sixteenth street, in the West End, had the misfortune to meet with an accident by which he sustained injuries of a very serious nature. He had gone out into a corn field for a load of corn fodder and was returning home, riding on top of the load of fodder, when one of the wheels of the wagon sank in a rut and Mr. Conley was thrown to the ground, where he lay for some time on the cold ground before he was found. He was carried to his home and a physician summoned, who found that his shoulder had been broken and that he had sustained other injuries of a serious nature.

IF YOU HAVE Rheumatism

Gout, Lumbago, Sciatica, try "Smith's Potassium Compound." Trial package mailed free by addressing John A. Smith Co., Milwaukee, Wis. Money refunded if a 50c bottle fails to satisfy you. At Druggists.

BUY A HOME AND STOP PAYING RENT.

I have for sale a good 5-room house; small payment down and balance monthly payments, 6 per cent interest. Settle every six months. J. R. Warner, 35 1-2 South Side Square.

Notice of Sale of School Bonds.

Sealed proposals will be received by the Clerk of the Board of Education of the School District of the City of Newark, Ohio, at the office of the Clerk of said Board over Franklin National Bank in said city, until MONDAY, THE 15th DAY OF MARCH, 1907,

at 12 o'clock m., for the purchase of seventy non-taxable bonds of said Board of Education, bearing date the day of sale, numbered consecutively from one to seventy inclusive, and bearing four per cent interest per annum, payable semi-annually. Principal and interest payable at the office of Treasurer of Board in said City of Newark. Said bonds are of the following denominations and become due and payable as follows, to wit:

Bonds numbers 1 to 10 inclusive shall be of the denomination of five hundred dollars each, of which numbers 1 to 4 inclusive shall become due in three years from the date thereof; and numbers 5 to 10 inclusive in four years from the date thereof.

Numbers 11 to 70, inclusive, shall be of the denomination of one thousand dollars each, of which numbers 11, 12 and 13 shall become due in five years from the date thereof; and thereafter three of said thousand dollar bonds shall become due each successive year in the order of their consecutive numbers.

Said bonds are issued for the purpose of building an addition to the high school in said school district, in pursuance of Section 3551 and 3592 of the Revised Statutes of the State of Ohio, as passed and approved April 25, 1904, and in pursuance of a resolution of said Board of Education, passed at a regular meeting of said Board November 19, 1906, authorizing the issue of said bonds.

Said bonds will be sold to the highest bidder or bidders for not less than their par value. Bidders are required to state the number of bonds bid for, and the gross amount they will pay for the bonds bid for, with accrued interest to date of transfer. A right to reject any and all bids is reserved by the Board of Education. Proposals must be sealed and indorsed "Bids for School Bonds," and accompanied by a certified check for four hundred dollars, made payable to the Clerk of said Board as a guarantee of good faith. Said check will be returned if bid is rejected. D. M. KELLER, Clerk. 2-12d12t

Russian Official Picked Off. Kri novarsk, Siberia, Feb. 28—The town commandant was shot twice and killed in the streets here. His assassin escaped.

Nearly 29 persons were hurt, many seriously, at Knoxville, Ia., when the floor in the home of C. K. Davis collapsed during the wedding of his daughter.

HUSBAND CAME FROM ALASKA

And Like Enoch Arden of Old Found His Wife Wedded to Another Man.

South Bend, Ind., Feb. 23.—After making an Enoch Arden of her first husband, Mrs. Harrison learned that she had unwittingly lived in polyandry for several months, and still mourning the death of her second husband, at once started to rejoin her first husband, long thought lost in Alaska. Richard Harrison left his bride in South Bend 15 years ago and departed for Alaska to hunt gold. After leaving Seattle he failed to communicate with his wife. She heard that he had died and mourned her loss. A year ago Mrs. Harrison was married to Arthur Parry. Shortly after the wedding Harrison returned to South Bend with considerable money and declared to his wife his wife. Learning of the polyandric marriage of his wife, he decided not to disturb the union. He went to Michigan and bought a fruit ranch. Four months ago Parry died. News of his death reached Harrison a week ago, and he telegraphed his wife to come at once to rejoin her long lost husband.

Fortune Ranges at Keller's. tt

Religious liberty was granted to the Huguenots in France in 1562, and was followed by the massacre of St. Bartholomew in 1572.

Did you ever stop to think how easily they may be supplied? Do you spend hours trying to think how you may get your wants supplied? Do you spend valuable time hunting for a house, rooms, or a servant?

Why not let a little want ad. help you? It won't cost much. And so much valuable time saved. You'll be surprised how they will help you. Don't worry, don't wait—do it now.

Insert a little want ad. in THE ADVOCATE and it will do the rest.

MARRIED IN NEWARK. (Delaware Journal-Herald.)

Quietly departing for Newark Sunday, accompanied by Mr. and Mrs. Louis Howison, of Bellpoint, Mr. George Dunlap, son of Mr. C. C. Dunlap, and Miss Effie Anderson, of Ostrander, were married by Rev. Ray Dunlap, a brother of the groom. The marriage was a surprise to their friends as their plans were concealed and executed with only their immediate relatives being apprised of their intentions. Mr. and Mrs. Dunlap returned to Delaware Sunday night.

Mr. Dunlap is associated in the lumber business with his father Mr. C. C. Dunlap. He is an energetic young man and is bound to succeed. His bride comes from one of the most respected families in Ostrander who enjoys the friendship of a large circle of friends.

Mr. and Mrs. Dunlap will reside on Toledo street.

An ostrich yields about three pounds of feathers yearly.

TONIGHT'S MEETING.

Members of the Newark Board of Trade who are interested in the location of a new steel industry in West Newark, are hopeful that tonight's mass meeting in the city hall will be well attended. The proposition has reached the critical stage, and the people must decide whether we are to have this new industry.

Fair progress has been made in raising the required fund, but more money is needed, and many who should be among the subscribers are still marked "absent."

Tomorrow's Advocate will contain a list of the contributors to this fund which will be used to bring a live steel plant to the city—an industry that will have a beneficial effect upon business and which will help to make the town grow and prosper.

TIPPING BILL DEAD

The bill to prevent "tipping" was killed at Washington before it became a law. Little harm was done in shelving the proposition. What strength of mind will not accomplish legislation can hardly do. One is not obliged to tip a waiter or a porter unless he wants to do so, and those who desire to hand over the dimes and quarters and halves ought to be allowed to do so.

The word "tip" is made up of the first letters of three words "to insure promptness." Boxes so labeled were placed in conspicuous places at English hostleries years ago, the contents at frequent intervals being divided among the servants. Later the label was shortened to read "T. I. P." and soon thereafter became plain "tip." A peculiar thing about it is, however, that a tip is now usually given after the service is performed.

ISTHMIAN CANAL.

But for the fact that the digging of the Panama canal is going ahead even while the method of digging it is under discussion, the people might become discouraged at the constant changes of plan for that great work, at the frequent alterations in the commission, at the resignation of man after man in authority. Shonts has scarcely followed Wallace into retirement before Engineer John F. Stevens, whose work has been highly praised, sends his resignation to the President. The first man of direct government work abandoned in favor of the contract system for reasons stated by the President in his message, is now again brought forward; and there is in Mr. Roosevelt's letter a hint of still another reversal as possible in the future. The President is by act of Congress himself chief engineer of the canal.

The Harriman inquiry before the Interstate Commerce Commission gives to the public some interesting

All Humors

Pimples, boils, eruptions, eczema or salt rheum, scrofula, are radically and permanently cured by **Hood's Sarsaparilla**. Liquid or tablets, 100 Doses One Dollar.

**Isn't This Town
A Pretty Good Town?
If Not, Why Not?**

How do you like the town you live in? Pretty fair sort of place, isn't it? Otherwise you'd move to some other town, wouldn't you?

But you don't think much of this town, you say? Well, what's the matter with this town? If there's anything

wrong, let's all get together and right it.

All of us live here, and we ought to pull together. Nobody living in New York or Chicago or St. Louis or San Francisco is going to do any pulling FOR us.

On the contrary, some of those cities are doing a lot of pulling FROM us. They not only pull away some of our best young men as the boys grow up, but they pull away many of our good American dollars, which ought to be spent right there, where they would do the most good.

What is your favorite book? The Mail Order Catalogue? 'Ah, so we thought!

Now suppose, just for a change, you read your local paper carefully, watch the advertisements, and if you don't see what you want ask the home merchant for it. Suppose all of us trade at home a little more regularly. That ought to help make this a better town.

And maybe if we'd keep more of our money at home to build up the town we'd keep more of our boys at home.

Here's another suggestion: Help to make your town grow and prosper by saying the right thing and doing the right thing by it. An opportunity offers today. The Board of Trade is raising a fund to bring a new and valuable industry to the city—a plant that will employ high-priced mechanics, men who will earn their money and spend it in Newark. It means more business and more prosperity for all. The subscription papers are circulating. Have you done your part? Whether you have or not, attend tonight's meeting in the City Hall and hear the proposition discussed. The names of all contributors will be published tomorrow.

side lights on high finance. We believe it was John W. Gates who said the other day that it is easy to make a million dollars. Mr. Harriman might move to amend by saying fifty millions.

OHIO MEN AT CHICAGO.

One of the very first appointments by Dr. Harry Pratt Judson, the new president of the University of Chicago, is that of Dr. Charles J. Herrick, of Denison university, to the chair of neurology. Dr. Herrick has done a notable work at Granville in that particular field of inquiry, and his appointment is a fitting recognition of a widely recognized success. His going to Chicago adds one more to the group of professors whom Denison has contributed to the faculty of the larger university. In the group are Charles Chandler, Francis W. Shepardson, Ira M. Price, Clarence F. Castle and Frank P. Miller—all Ohio men and sterling educators with no trace, in their make-up, of the sensationalism that has at times brought to the university some undesirable advertising. The continued recognition of Denison men by the Chicago university management is a high compliment to the work and standing of the Ohio institution.—Columbus Dispatch, Feb. 27.

Seventeen Shot.

Riga, Russia, Feb. 28.—Seventeen persons condemned by court-martial for participating in the recent rising at Tukum, were shot.

Stevens Sails.

Panama, Feb. 28.—John F. Stevens, until recently chief engineer of the Panama canal, left for New York.

SUIT AGAINST HARRIMAN

May Be Filed by a Number of Union Pacific Shareholders.

TEXT OF WALL STREET RUMOR

Financial Operations of the Group in the Chicago & Alton Railroad Attacked by the Counsel For the Government—Controller of Road and Banker Testify.

New York, Feb. 28.—It was rumored in Wall street that Samuel Untermyer had been retained by a number of Union Pacific shareholders to bring suit against Mr. Harriman and his associates in the Chicago & Alton syndicate for the purpose of forcing a restitution of at least part of the profits made in that and similar transactions.

Counsel for government renewed the attack on the methods of the Harriman group in the Chicago & Alton railroad before the interstate commerce commission when they called Charles W. Hilliard, controller of the road, as a witness. Under examination by Frank B. Kellogg, Hilliard testified that he became controller in October last when, under the joint arrangement for the management of the property, the Rock Island took its turn. Hilliard said that his first task was to find money to carry on the improvements that were under way. There was not enough money to complete the building of a cut-off of 3 1/2 miles of road, said the witness. "I looked into the question of raising money by mortgage," he continued, "and I discovered that it had already been mortgaged."

Mr. Kellogg then read the mortgage to show the line had been covered by it, and resuming, the witness said: "All the bonds were gone. I found from the books that the \$13,000,000 had never been paid for the bonds, that the \$10,000,000 had never been paid to Stanton for the stock, that the \$3,000,000 had never been paid to Stanton for the road, but that the \$22,000,000 in bonds had been turned over to the syndicate who delivered the stock and the road through the intermediary, Mr. Stanton."

Otto H. Kahn, one of the leading members of the firm of Kuhn, Loeb & Co., which has financed many of the important deals of the Harriman party, and a former director of the Union Pacific, was called to the stand. Under examination of A. C. Severance of the counsel for the government, Kahn told of the reorganization of the Union Pacific. The witness said his firm had received a commission equal to 5 per cent on the purchase of Southern Pacific, and a commission of 5 per cent, which was divided with other underwriters, on the issue of the Union Pacific convertible bonds, at reduction of 5 per cent. The witness spiritedly defended the acts of his firm, and cited instances where it has sold stocks to the Union Pacific at a figure below the current market. Before he left the stand Mr. Harriman again invoked the question of private business as against interstate commerce, and refused to answer interrogations as to his individual stock transactions, and Mr. Kahn refused to divulge anything specific as to the business transactions undertaken by his firm in behalf of clients in or outside of the Union Pacific directorate.

AMUSEMENTS

UNCLE JOSH PERKINS.

"Uncle Josh Perkins," a rural play that appears at the Auditorium on Saturday matinee and night, possesses much that cannot often be said in referring to productions bearing similar titles, its motive and plot being entirely different. In "Uncle Josh Perkins" the author has reversed the usual order of things and has furnished a story that does not hinge on a mortgage or a stolen deed. The play opens in New York City and closes on Uncle Josh's farm, up in Vermont in which the characters, it is said, get as close to nature as possible, making it unusually lifelike and realistic to the auditor. The company, it is declared, is away above the average and the specialties as strong as are presented in the best vaudeville houses in the country.

"LANKY BOB" FITZSIMMONS.

"Fighting Bob" was seen at the Auditorium in all his glory Wednesday night by a crowd of his most ardent admirers. The play, "A Fight for Love," is "Bob Fitzsimmons" from the first to the last and then some between times. But the real attraction is the man who has fought 267 battles in the ring and never lost, but three: the man who, when in the ring, bore the reputation of being square to the last and handing out nothing but solid blows and "square deals."

The pugilist looked his former self when seen on the stage in make up, but on the street, the once world champion shows his age markedly and the scars of his battles stand out only too prominently. He made a number of acquaintances while in the city, and presented three or four of his friends with horse shoes made before the show and during the first

JEWETT CAR PLANT CROWDED AND MORE ROOM IS NEEDED FOR WEST END INDUSTRY

**Company Agrees to Employ 100 More Skilled Workmen
Providing Ground is Furnished to Permit
Extension of the Car Shops.**

The Jewett Car company is so rushed with orders that it is working nights. At the present time the company has contracts that will keep its present large force of employees busy till next December, and new propositions are being received almost daily.

Within the last few days the Jewett people have been asked to figure on 155 motors for the New York City lines, 84 motors and 116 trailers for the Interborough Rapid Transit and on 100 cars for the Brooklyn Rapid Transit (elevated) road. The rapid growth of the trolley system makes it assured that the demand for the product of the Jewett company will continue to grow.

The Jewett plant has from time to time been enlarged to accommodate a rapidly increasing business so that today the company has built upon all its ground, the plant being far larger than was dreamed of at the time the industry was brought here a few years ago by the Board of Trade. The great value to the city of this busy plant is well known.

The crowded conditions of the factory have for some time been known to members of the Board of Trade, and certain members have from time to time talked with the officials regarding an increase in the capacity of the factory. This talk reached tangible form today when President Wright submitted a proposition that will be considered by the Board of Trade at Thursday night's meeting.

In short, the proposition is that the Jewett Company will agree to build an additional erecting shop to give employment to 100 or more additional skilled men, providing the Board of Trade will supply the ground.

It is understood that a member of the Board of Trade some time ago secured an option upon the Wells lot adjoining the factory, and that if the Board accepts the proposition, this lot will be purchased to permit the company to enlarge its plant.

This matter, with that concerning the proposed steel mill in West Newark, will come before the citizens' mass meeting in the city hall tonight. A full attendance is desired.

ALDRICH BILL WILL PROBABLY PASS THE HOUSE

**SPEAKER CANNON AND HOUSE
LEADERS ASSURE PROMPT
ACTION**

**Notes of Large Denominations May
be Changed to One, Two and
Five Dollar Bills.**

Washington, Feb. 28.—The Aldrich financial bill passed by the Senate Tuesday will be considered and probably adopted in the House before the session's close.

The House leaders, including Speaker Cannon, have given assurances of prompt action, and it is understood that there is practical unanimity on the Republican side in the bill's favor. Financial interests in New York and elsewhere are intensely concerned in the measure, believing it will afford relief in times of scarce money.

Whether it will meet all expectations is an open question. Some doubt it. The bill does not provide for an inflation of the currency, although perhaps a step in that direction. It does not increase or diminish the amount of currency by one dollar, but it does add elasticity to the currency system. There are three important provisions to the bill.

The first simply provides means whereby notes of large denominations may be changed into notes of \$1, 2, and \$5, the large bills to be retired and cancelled.

The second allows the customs receipts to be deposited in national banks in the same manner as inter-

nal revenue receipts now are. At present internal revenue receipts are paid over by the collectors to national banks designated as government depositories and by them forwarded by a system of checks and balances to the nearest sub-treasury as soon as possible. Customs receipts, under the new bill, follow precisely the same course. If the secretary of the treasury wants the national banks to retain any of this money on deposit, he will have to designate the bank and the amount, as has done heretofore.

The third change in the bill allows the national banks to retire circulation to the extent of \$9,000,000 in any one month, the present limit being \$3,000,000.

The reason for this is that banks do not issue additional circulation in the spring and fall when there is a great demand for money, because, under the present limit, there is small chance for them to retire it after the emergency has passed. There are so many national banks that the present limit is too small to accommodate all that want to retire notes. There are now applications on file at the treasury department for the retirement of the full \$3,000,000 per month for the next twelve months.

This is the only element of elasticity permitted under the present law and by increasing the limit of retireable circulation to \$9,000,000 it is hoped to increase the elasticity of the currency system by just that much.

FREE

**Suffering from Piles
Unnecessary**

**Pyramid Drug Co. Have Found a Per-
fect, Quick and Painless Remedy.**

YOU CAN TRY IT FREE.

We offer you a trial package of the Pyramid Pile Cure absolutely without cost. There is enough in the sample to give great relief. Do not hesitate, fearing that it will harm you.

Not only does the Pyramid Pile Cure cure piles painlessly, but without inconvenience or the interruption of your business duties. It acts as a healing balm to the irritated membrane of the rectum, giving new life to the deadened blood vessels and causing the ulcerous condition to pass away. Immediately upon starting to use the Pyramid Pile Cure the patient will find the congestion relieved and the swelling diminishing as well as the disappearance of that awful sense of itching.

Read the record of this wonderful cure:

"I bought 5 boxes of Pyramid Pile Cure just before leaving the U. S. for the P. I. last May. I had as bad a case of piles as there could be. I suffered from piles since the early spring of 1900. I contracted the piles from a mild case of dyspepsia in Luzon, P. I., and carried them all around the island, China, Japan, and back home for four years. I used all kinds of pile cures known but I could never get a cure or even a few hours' relief, till in March, 1905, a friend gave me the Pyramid Pile Cure and it gave me instant relief. I used five boxes all told and not a visible sign of Piles have I now. I don't know how to begin to thank you. I remain, your faithful believer in Pyramid Pile Cure. T. T. Heffner, Co. I, 9th Inf., Manila, P. I."

There is no method so safe or so inexpensive. If you are a sufferer from this disagreeable, distracting, painful and dangerous affliction, write us for a free trial package which we will send to you at once. We are sure that you will be so greatly helped that you will continue to use this treatment until cured. Pyramid Drug Co., 79 Pyramid Bldg., Marshall, Mich.

50 cent packages, just like sample, for sale at all druggists.

GLOWING REPORT MADE BY WHYTE

**MONTANA GOLD EXPERT VISITS
LICKING COUNTY MINE NEAR
THIS CITY.**

**In a Statement to the Advocate Mr.
Whyte Says That Good Results
Will Come.**

Mr. L. A. Whyte, general manager of the Black Diamond mine at Kallispell, Montana, who recently inspected the Licking Mining company's property south of Newark, has given the following statement to the Advocate. Mr. Whyte, who is an experienced gold miner, expresses confidence in the local proposition. Machinery has been installed at the mine and the company is now waiting for weather which will permit operation. Mr. Whyte says:

After making a successful prospective tour through the Blue Ridge mountains, locating the principal ores, gold and silver, I stopped in Newark upon my return to Montana to inspect the property of the Licking Mining company, 2 1/2 miles southeast of Newark. I was granted the privilege of thoroughly prospecting and testing mechanically the property and I am now ready to say that I found located in said Licking gold mine one of the best ledges of ore besides deeply seated placer mining with which the western gold mining states can not compete. This mine I understand will be developed immediately and the operations and excavations for ore that pays from \$50 to \$500 a ton will begin as soon as the weather will permit. Ohio is in its infancy in regard to the development of mines and I will say that the people of this state will find that she will lead and ultimately compete with all states in this industry. The competent officers of the company whom I met and found to be good solid business men are Dr. D. H. Miller, Sr., president; J. H. Elery, vice president; Fred Liser, treasurer; R. A. Sears of Columbus, secretary; J. E. Stinger one of the directors, and S. L. James, attorney. These men with other interested parties have great faith in the results.

These members of the company will push the proposition to the front and will show the most skeptical citizen of Newark and surrounding country that what they have worked so earnestly for has not been in vain. "I do do hereby state that L. A. Whyte, assisted by Mr. Harry Early, who assisted me most competently, have this day made a most thorough test of said Licking Mines, and find that they assay up to the standard."

TONIGHT'S MASS MEETING.

Attend tonight's mass meeting of Newark citizens in the city council chamber. The Board of Trade urges you to attend.

REV. SEARS ILL RESULT OF WORRY

**Pennsylvania Ministers Decide to Re-
consider Their Recent Action—
a Statement.**

New Castle, Pa., March 1.—The Ministerial association, which last week decided to withdraw its support from the Western Seaman's Friend society, has reconsidered its action and has referred the question back to the committee in charge of the investigation. This action is taken as a result of the report made this week by the secretary and the treasurer of the society, who deny the charges of graft and mismanagement.

As a result of their presentation of

the matter a remarkable change of sentiment on the part of those who had been led to believe the society was at fault, occurred and the Ministerial association now looks on Mr. Sears and the Seaman's Friend society in an entirely different light.

"The Western Seaman's Friend society is not, never was and never professed to be a charitable organization," the officers of the organization stated. It is a purely religious society and what charity is done is performed in a quiet way and in connection with the religious work of the organization, they say. They look on the sensational charges that have been made against the society as emanating from anti-Christian sources and regard the conflict as one in reality between infidelity and Christianity.

Crushed and broken in health as the result of the reports circulated unfavorably to the society, its aged agent, Rev. Hiram Sears, is seriously ill at his home in Berea. It was on account of sickness, the officers stated, that he was unable to appear before the Ministerial association last week. They uphold him and his work in strong terms and characterize him as a godly man and devoted to Christian service.

NEW COMPANY HAS A BIG ACREAGE IN FOUR COUNTIES

**AND DRILLING FOR GAS AND OIL
WILL SOON BE COMMENCED
IN NEW FIELD.**

**Incorporators Are All Well Known
Local Men and Have Completed
an Organization.**

The incorporation of the North American Oil and Gas company for \$300,000, which was briefly noted in Tuesday's issue of the Advocate, is of considerable interest to gas and oil men in this community. All the incorporators mentioned are local people and the company has already commenced activities through their work thus far has been done quietly.

The company has leased some 13,000 acres of land in Ohio, the leases being held in four counties, presumably Licking, Knox and two others. A part of the territory is already productive while the balance is "wild cat" territory.

In all probability active drilling for gas and oil will be commenced soon, probably in Licking county, and if this is the case it will be near Newark. The company has completed its organization but the incorporators are not ready yet to make public the list of officers and its board of directors. The incorporators are Samuel Frazier, G. E. Howell, E. M. Jewett, John M. Fleming and Fletcher S. Scott.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It. Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 9c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

The Franklin National Bank of Newark

A Public Demonstration At the First Presbyterian Church

On FRIDAY and SATURDAY of this week. The McCormick & Thompson COMPRESSED AIR HOUSE CLEANING CO. will clean THE FIRST PRESBYTERIAN CHURCH. The public is invited to see how this work is done. We clean everything without removal from the house. The carpets are cleaned on the floors. Everything is disinfected by our method.

Telephone or call at 152 West Main Street, and we will make an estimate of any work you wish done. Citizens Phone No. 1038.

OUT DONE.

We have outdone ourselves this year in our preparations for the Spring Wall Paper trade. Our stock is in. We ourselves are surprised at its completeness, and more so at its size. We knew we were buying more largely than ever before, but since the paper is in, it is more apparent. The beauty of the styles, the richness of the colorings, and the artistic effects produced are gratifying in the extreme. This is not all that will appeal to you either. The prices at which we have marked our papers can't help but please you.

A good quality of paper nicely colored and printed, forty styles to select from, 5 cents per roll. Better ones 7 cents. Still better, 8 cents, and on up to \$8.00 per roll.

General Superintendent of Railway Mail.

General Superintendent of Railway Mail. Feb. 28—Postmaster General Clegg has decided to appoint Alexander Grant successor to James E. White as general superintendent of the railway mail service. Mr. Grant for several years has been assistant superintendent of the railway mail service. General Superintendent White resigned several weeks ago.

The project of connecting France with Italy by tunneling Mont Blanc is gaining ground steadily in Paris.

Rheumatism

is caused by tiny grains of uric acid sand in your joints or muscles, which scratch and irritate your nerves in a thousand places. At first you only feel a twinge now and then, in the foot, leg, shoulder, back, or elsewhere. But in time, as the deposits of uric acid sand increase, chronic rheumatism results and cripples you with pain.

Uric acid is a part of the body's waste, and is being produced by the tissues all over your body all the time. If your blood is weakened by cold, injury, infection, or any other cause, or if you eat more—particularly meat—than your tissues can use, the waste matter is not thrown out through the kidneys fast enough, and uric acid accumulates. One of the world's greatest scientists, Alexander Haig, A. M., M. D. Oxon., F. R. C. P., of England, says: "Every man who eats ordinary diet with meat twice a day, will, by the time he is 35 or 40, have accumulated 300 to 400 grains (weight) of uric acid in his tissues, and be subject to chronic rheumatism."

Once uric acid sand has a hold, your blood unaided cannot remove it. YOU MUST GIVE IT LIFE PLANT! LIFE PLANT is Nature's own weapon against uric acid. Given LIFE PLANT, which has the power of dissolving uric acid sand, your blood will thoroughly clear your body of the cause of rheumatism and other uric acid diseases. Thousands of unsolicited testimonials prove what LIFE PLANT will do. Read this:

"I was afflicted with rheumatism in my knees and arms, which were so badly swollen that I was obliged to crawl up and down stairs and almost unable to do any work. I also suffered a great deal of pain at night. After I had taken four bottles of Life Plant I was entirely cured, and have not suffered since. I heartily recommend it to any person afflicted with rheumatism."

A. K. DUCK, Leetonia, Ohio.

No matter what your trouble may be, write your symptoms to Dr. J. J. Mizer, President of the Life Plant Co., Canton, Ohio, and get his personal advice free. Our valuable book—GOOD HEALTH—mailed free to anyone on request.

THE LIFE PLANT CO., Canton, O.

DEAD ROBBER

AT CINCINNATI IS IDENTIFIED

Cincinnati, O., Feb. 28.—The potch climber who was shot and killed by Mounted Officer Harry Martin in a desperate running battle Monday evening has been identified as Charles Sweeney of Chicago.

Shortly after midnight the police received a long distance telephone message from Chicago. The message came from O'Hara and Kehoe, undertakers. The speaker stated he had been instructed to take charge of the body of the man who had been shot and killed by a policeman in Cincinnati. He said the dead man had been identified as Charles Sweeney, and that the person who had seen the body and identified it had come to Chicago, and made arrangements to have the undertakers take charge of it. The police attempted to secure some information about the dead man and who the person was who identified him, but the undertaker would not enlighten him.

ANY NEWARK LADY

Can use our Aurora Varnish Stain. A small 25c can of this stain will go farther and will work easier, besides leaving a more perfect finish, than any other varnish stain sold. Best for floors, furniture and all woodwork. Comes in all shades.

SPARTAN WHITE LEAD is absolutely the best and most practical White Lead made. Best for the painter and best for the property owner. Manufactured by THE MARIETTA PAINT & COLOR CO., Marietta, O. 14

BRIDE AS WITNESS TELLS THE STORY

Of the Murder of Her Husband by Her Brothers—Progress Made in Bywaters Trial.

Culpepper, Va., Feb. 28.—In the little Culpepper courthouse, Mrs. William Bywaters, the bride of an hour, the killing of whose husband by her brothers, James and Philip Strother, was one of the most notable tragedies in the history of this section; her sister, Mrs. Edward Gaines, and one of her brothers, George French Strother, told the story of the shooting and the events that led up to it. Mrs. Bywaters testified that her betrayal was accomplished by promise of marriage, told of the three trips she and Bywaters made to Washington for the purpose of having a criminal operation performed, told the story of Bywaters' attempted flight, his sudden breaking away from her in her bedroom, and the shooting by her brothers as he sought to escape through a window and over the roof of the porch.

MORGAN SETTLES RAILROAD CASE OUT OF COURT

BY COMPROMISE OF SUITS INSTITUTED BY GREAT CENTRAL SYSTEM.

In Columbus for Violation of Anti-Trust Law—Buckeye State News of a Day.

Cincinnati, O., Feb. 28.—Confirmation was secured here of the report that J. P. Morgan had agreed to compromise the suits instituted by W. A. Bradford, president of the Chicago, Cincinnati & Louisville railroad, Rudolph Kleybolte and other owners of that property, and that the complications growing out of the breaking up of the Great Central system are to be definitely settled. It was authoritatively stated that papers are now being prepared in Cincinnati which will provide for an issue of \$400,000 receivership certificates of the Pere Marquette and Cincinnati, Hamilton & Dayton, which are to be turned over to Bradford, Kleybolte and Fernald, owners of the Chicago, Cincinnati & Louisville, in consideration of their surrendering to Morgan the \$3,500,000 collateral trust bonds, which were made a special issue for the purpose of reimbursing Bradford and others for Chicago, Cincinnati & Louisville.

By the settlement Bradford gets back his line under full ownership, and the Chicago, Cincinnati & Louisville obtains an entrance into Chicago over the Illinois Central. All claims on both sides have been wiped out. The C. C. & L. had entered large claims for the confiscation by the Pere Marquette road and the Cincinnati, Hamilton & Dayton of equipment, turntables and other materials, and the Morgan interests had counter claims, which have now been withdrawn.

Ask Relief From Eight-Hour Law. Cincinnati, O., Feb. 28.—The contractors of the United States have appealed to President Roosevelt in an effort to obtain relief from a law which imposes a limitation of eight hours a day for work on government contracts. That fact developed here during a discussion concerning the Sheridan-Kirk company, which has the contract for building the dam in the Ohio river west of Calumet's ripple. The Sheridan-Kirk company was convicted in the federal court here of a violation of the terms of the eight-hour law. A strict application of the law, it is contended, operates to make work on government work comparatively undesirable for laborers, because they are able to obtain better wages elsewhere where the eight-hour limit is not effective.

Two Found Guilty.

Columbus, O., Feb. 28.—The trial of the cases against the men and corporations alleged to be parties to the so-called local ice trust ended in a verdict.

CONSTIPATION EASILY CURED.

dict of going against Malcolm Kinnaird and W. F. Polley. All the other defendants were acquitted. The maximum penalty that can be imposed upon Kinnaird and Polley, the convicted ice men, is a fine of \$5,000 and 12 months' imprisonment in the county jail or workhouse. Motions for a new trial will be filed.

Strike at Portsmouth.

Portsmouth, O., Feb. 28.—Attempts were made by strike sympathizers to wreck three streetcars, and this, together with open hostility displayed against the strike-breakers imported from Huntington, W. Va., caused the street railway company to temporarily abandon hope of resuming their schedule. Car repairers and other employees have joined the ranks of the motormen and conductors and the situation is becoming aggravated.

Want Roosevelt.

Columbus, O., Feb. 28.—The state board of agriculture decided upon Sept. 4 as the date upon which President Roosevelt will be invited to attend the homecoming of Ohioans. A handsomely engrossed invitation signed by the governor, board of agriculture, board of trade, Mayor Badger and others, will be forwarded to the president.

Cat's Remarkable Trip.

Ironton, O., Feb. 28.—A cat belonging to Mrs. Alexander McBane of this city, which disappeared from her home three weeks ago, has been found in Washington, Pa., at the home of Mrs. W. L. Clarke, its original owner. The cat was presented to Mrs. McBane by Mrs. Clarke last Christmas.

Persuaded to Leave Town.

Pomeroy, O., Feb. 28.—Local operators imported 20 miners from Jackson county, but all of them were persuaded by the strikers to leave town. They declared they had been deceived into coming here.

Cracksmen's Pile.

Pomeroy, O., Feb. 28.—Robbers cracked the safe in the Hocking Valley freight depot. The safe was completely wrecked, but only about \$15 was secured.

Request of Homeopaths.

Columbus, O., Feb. 28.—A delegation of homeopathic physicians called upon Governor Harris and requested that their "school" be given entire control of one of the state hospitals. They called attention to the fact that the physicians at all of the eight state institutions are allopaths. Governor Harris replied that it was not in his power to grant their request; that it was a subject for the legislature to consider. The delegation then suggested that the homeopaths be given representation at each of the state hospitals.

Hero Perished.

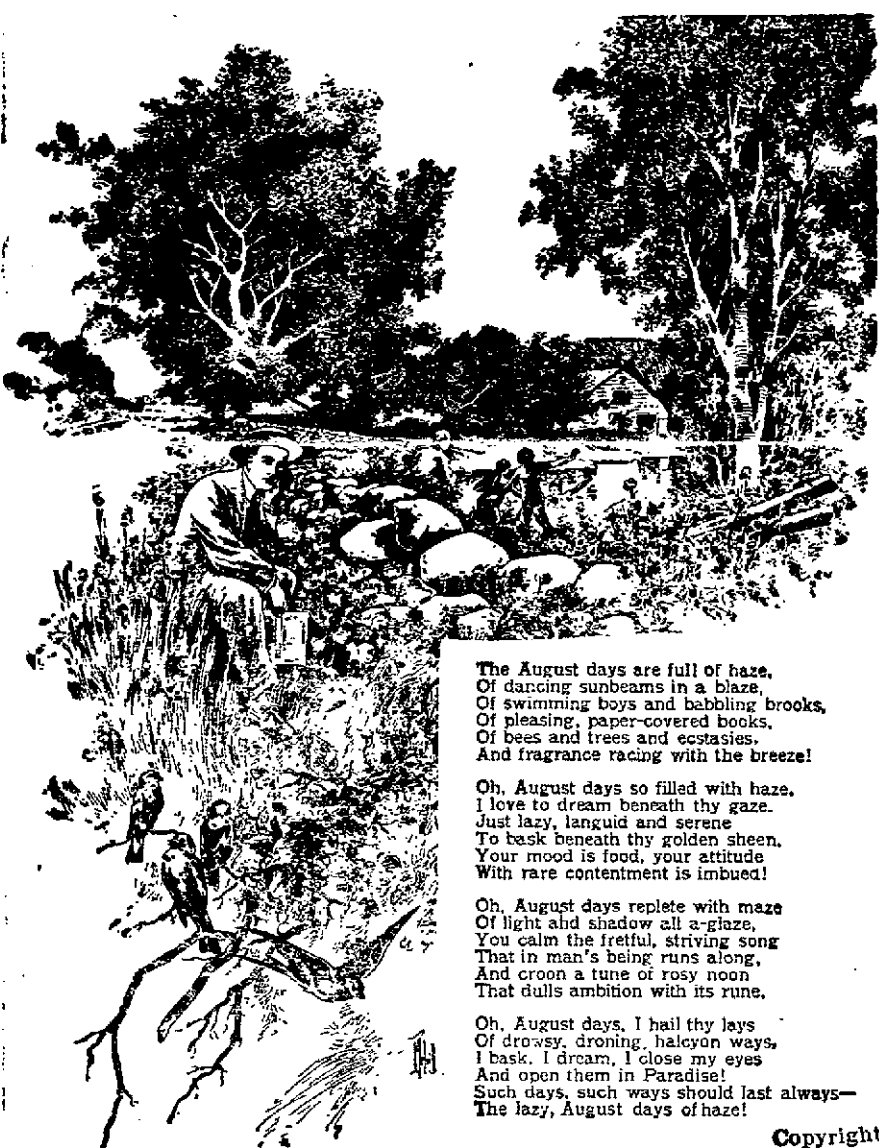

Piqua, O., Feb. 28.—In attempting to save a woman with a baby in her arms from death, Aaron Alexander was himself struck and killed by a northbound Cincinnati, Hamilton & Dayton passenger train. The woman and child were uninjured. The accident occurred at a grade crossing.

Elect Officers.

Columbus, O., Feb. 28.—The state association of city solicitors met here for a two-days' session. Officers were elected as follows: President, W. L. Day, Canton; vice president, T. B. Herman, Dayton; secretary-treasurer, G. M. Cummins, Mansfield.

AUGUST

By Byron Williams.

The August days are full of haze,
Of dancing sunbeams in a blaze,
Of swimming boys and babbling brooks,
Of pleasing, paper-covered books,
Of bees and bees and ecstasies,
And fragrance racing with the breeze!

Oh, August days so filled with haze,
I love to dream beneath thy gaze,
Just lazy, languid and serene
To bask beneath thy golden sheen,
Your mood is food, your attitude
With rare contentment is imbued!

Oh, August days replete with mazes
Of light and shadow all a-glaze,
You calm the fretful, striving soul,
That to man's being runs along,
And croon a tune of rosy noon
That dalls ambition with its rune.

Oh, August days, I hail thy lays
Of drowsy, droning, halcyon ways,
I bask, I dream, I close my eyes
And open them in Paradise!
Such days, such ways should last always—
The lazy, August days of haze!

Copyright.

THE W. C. T. U.

A splendid crowd assembled in the church parlors, and a very interesting meeting was held.

Mrs. Keller had charge of the devotionals, reading a lesson from the 15th chapter of Corinthians, beginning, "Though I speak with the tongues of men and of angels, and have not charity, I am become as sounding brass or a tinkling cymbal."

Next in order was the payment of dues, to which many responded gladly. A business session followed, after which a responsive reading was the order, and the subject "A Lesson of the Evangelistic Meetings," led by Mrs. Sisson.

Next week, March 5, will be celebrated the birthday of Miss Lillian M. N. Stephens and conducted by Miss J. N. Wilson. Reports of superintendents will be heard at this meeting.

Those who are superintendents should be present and report their work.

Governor Hanby of Indiana, says: "I would rather have the beaming smile of one boy saved from the dens of iniquity by my law enforcement than the combined vote of the liquor traffic and sympathizers in the state of Indiana."

It is expected that Mrs. Vankir will be with us next week and give us one of her splendid talks. All will be glad to hear her again. Come. Closing prayer by Mrs. Keller.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

P. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

HE WANTED SHOES BUT GOT BOOZE

Charles Finley, a laborer employed at Utica, came to grief Wednesday night, though he came to Newark for the innocent purpose of purchasing a pair of shoes. He wandered from the straight and narrow path and was found well soaked at half-past ten last night by Officer Dawson. He drew \$5 and costs in police court but was allowed to go back to Utica upon his promise to pay up Saturday.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. The Bradford Regulator Co., Atlanta, Ga.

MOTHER'S FRIEND

ents, Mr. and Mrs. Jacob Mowery, in the West End.

J. C. Neel and daughter Miss Florence, who were victims of the grip are now convalescent.

Frank Brown of Columbus, visited with his brother, Dr. G. N. Brown Sunday.

Miss Myrtle Davis of the Utica schools, was here over Sunday.

H. A. House, T. & O. C. agent at Millersport, visited his uncle, D. P. Burch and wife Friday.

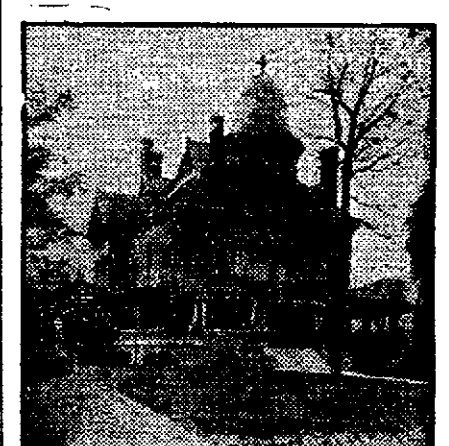

Mr. and Mrs. Joe Tavenor were pleasantly surprised Tuesday evening by a number of their friends coming with well filled baskets. Among the number were Mr. and Mrs. John Lipincott of Newark.

Bert Good lost a fine colt Monday evening, death being due to dropsy. The colt was valued at \$200.

MRS. CORA B. MILLER MAKES A FORTUNE

Started a Few Years Ago With No Capital and Now Employs Nearly One Hundred Clerks and Stenographers.

Until a few years ago Mrs. Cora B. Miller lived in a manner similar to that of thousands of other very poor women of the average small town and village. She now resides in her own palatial brownstone residence, and is considered one of the most successful business women in the United States.

Mrs. Miller's New Residence, Earned in Less Than One Year.

Several years ago Mrs. Miller learned of a mild and simple preparation that cured herself and several friends of female weakness and piles. She was besieged by so many women needing treatment that she decided to furnish it to those who might call for it. She started with only a few dollars' capital, and the remedy, possessing true and wonderful merit, producing many cures when doctors and other remedies failed, the demand grew so rapidly she was several times compelled to seek larger quarters. She now occupies one of the city's largest office buildings, which she owns, and almost one hundred clerks and stenographers are required to assist in this great business.

MILLION WOMEN USE IT.

More than a million women have used Mrs. Miller's remedy, and no matter where you live, she can refer you to ladies in your own locality who can and will tell any sufferer that this marvelous remedy really cures women. Despite the fact that Mrs. Miller's business is very extensive, she is always willing to give aid and advice to every suffering woman who writes to her. She is a generous, good woman and has decided to give away to women who have never used her medicine \$10,000.00 worth absolutely FREE.

Every woman suffering with pains in the head, back and bowels, bearing-down feelings, nervousness, creeping sensations up the spine, melancholy, desire to cry, hot flashes, weariness, or piles from any cause, should sit right down and send her name and address to Mrs. Cora B. Miller, Box 674, Kokomo, Ind., and receive by mail (free of charge in plain wrapper) a 50-cent box of her marvelous medicine; also her valuable book, which every woman should have.

Remember, this offer will not last long, for thousands and thousands of women who are suffering will take advantage of this generous means of getting cured. If you are ailing, do not suffer another day, but send your name and address to Mrs. Miller for the book and medicine before the \$10,000.00 worth is gone.

"TIGER" BECOMING A DETECTIVE

"Tiger," the brindle dog at the patrol station is rapidly acquiring the instincts of a real detective and on Tuesday afternoon this was brought forcibly to the attention of the department. He may yet be put on the pay roll.

A message was received from the residence of David L. Thompson of West Main street, saying that some produce had been found in the back yard, and that it was thought to have been stolen and dropped into the yard by the thief.

Officer Zergiebel was detailed on the case and started for the Thompson home. "Tiger" led the way and took the officer right into the back yard and to the articles found. The dog, however, failed to give the department any clue by which they could explain the presence of the articles there.

HARRY KEAR IN OAKLAND.

The Oakland, Cal. Herald, one of the largest and most influential newspapers published on the Pacific coast recently issued an industrial edition of the paper, which was widely circulated all over the west and the United States. The paper contained 116 pages, profusely illustrated and was one of the largest papers ever issued on the Pacific coast. In the paper is a "write-up" for Mr. Harry Kear, formerly of Newark, in which it tells of "The Broadway," a popular bowling and billiard hall owned by Mr. Kear. The paper goes on to state that Harry takes great interest in the sports of the city and makes his place a sort of headquarters for them. Harry is doing a fine business in Oakland, and not only operates "The Broadway," but three other places, all of them being well equipped and popular pleasure resorts.

TONIGHT'S MASS MEETING.

Attend tonight's mass meeting of Newark citizens in the city council chamber. The Board of Trade urges you to attend.

W. O. HENDERSON MAY BE A JUDGE

NEW LAWYER MENTIONED IN CONNECTION WITH PROPOSED APPOINTMENT

Said to Be Under Consideration by President Roosevelt as a Compromise Man.

Columbus, Feb. 23.—Word reached here Wednesday night that William O. Henderson was under consideration by President Roosevelt for appointment as coadjutor judge in the Southern Ohio district.

Earlier in the day it was heralded that there was a hitch in the appointment of Judge J. J. Adams of Zanesville, which, in the opinion of most everybody at Washington, had been definitely slated.

What caused the hitch was that the President decided he would look into the charge that Senator Foraker had picked out Adams as the beneficiary of the recommendation because the Zanesville jurist had thrown to the senatorial alliance at the Dayton convention the vote of the state central committeeman from the Fifteenth district, whom he controlled, and who was his brother-in-law.

Congressman B. G. Dawes of that district is reported to intend to demand of the President that those opposed to Adams prove this allegation.

That Judge Adams' brother-in-law Walter Black, delivered the goods to the Foraker-Dick crowd and that he was put on the committee because he was Judge Adams' brother-in-law and was considered safe, can be proven with ease.

The fact that Secretary Taft had endorsed Adams out of personal friendship, and that Secretary Garfield had done so also it is said, in return for Foraker and Dick's promise not to fight his confirmation made the President disposed to accept Adams without question.

But the story of the deal appears to have caused him to stop short and reopen the case.

While John E. Slater has been put forward as the Columbus candidate, and while Senator Foraker has been quoted as saying, if he went to Columbus for a man to recommend, he would select Judge David F. Pugh, it was learned last night that the appointment of Henderson had been urged on the ground that no objection had been made to him in or out of the district, and that his appointment would be eminently pleasing to the bar of the whole state.

At present the senior member of the law firm of Henderson, Livesay & Burr, he is most widely known from his associations as the junior partner of Richard A. Harrison, who until his death, was recognized as the head of the state bar.

Henderson is considered the compromise candidate as between Adams and Slater, and last night Henderson's chances were thought to be excellent.

DECIDE YOURSELF.

The Opportunity is Here Backed by Newark Testimony.

Don't take our word for it. Don't depend on a stranger's statement.

Read Newark endorsement. Read the statements of Newark citizens.

And decide for yourself. Here is one case of it:

Charles W. Manville, carpenter, of 24 South Fourth street, Newark, O., says: "I have found Doan's Kidney Pills to be all that they are claimed to be. They cured me of a bad case of backache and inaction of the kidneys, brought on by the grip. I was laid up for some time. My kidneys seemed to be sluggish and the secretions were irregular. At the same time I suffered terribly with pain in the back over the kidneys. There was a constant, dull aching varied with sharp twinges of pain that would strike me at all hours of the day and night. I tried different remedies without effect and had nearly given up hope when I began using Doan's Kidney Pills, bought at Crayton's drug store. The result was a cure and a decidedly lasting cure. In 1896 I told of my case in a public statement and now that eight years have passed I can point to my own experience and say that Doan's Kidney Pills make permanent cures."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

LARGE OWL SHOT.

Hebron, Feb. 23.—For the last year a very large owl has been visiting the farm of P. P. Comisford and doing considerable mischief in the way of stealing their choice chickens and turkeys. Although Mr. Comisford "roosted" with his gun in the orchard on many chilly nights, he never was able to capture his "owlship" until on Tuesday night when two shots brought him to the ground. His neighbors, Messrs. Cohn, Koehendor-

fer and Cochran, had all been trying to get the owl but failed, and to Mr. Comisford is due all the glory. However, a little incident that happened on the previous Sunday night is a good joke. Mr. Comisford was awakened from a pleasant sleep by a noise that sounded like the owl's "hoot-hoot", and hastily donning a few clothes, he slipped out with his gun to the orchard, and there on a stump sat the owl, its eyes shining like coals of fire. With good aim, Mr. Comisford fired and bright sparks flew in every direction looking like fireworks on the Fourth of July. But no owl was there. It proved to be a stump that had been burning on Saturday.

ARRANGEMENTS FOR MUSICAL FESTIVAL

The plans for the Newark Spring Festival are nearly complete and greatly surpasses any efforts of preceding years. The dates of the events are May 22, 23, 24 and 25.

This year the list of attractions will include Mme. Schumann-Heink in a song recital, the Chicago Symphony orchestra in concert, Alexander Von Felitz, conductor, and the combined Newark, Granville, and Palaskala choruses with a local orchestra of 40 in Rossini's Stabat Mater. The soloists for the Stabat Mater will be Genevieve Clark-Wilson, New York, Elizabeth Thompson Wilson, Columbus, Cecil James, New York, and Ellis P. Legler, Dayton. Dr. A. J. Gantvoort of Cincinnati will lecture as usual upon the various programs.

Other important announcements regarding the festival have been promised by Prof. Judson for the near future.

Endorsed by the County.

"The most popular remedy in Otsego county, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by Hall's Drug Store. Price 50c and \$1.00. Trial bottle free.

PRESIDENT SAYS HIS NAME IS ROSA-VELT

Washington, Feb. 23.—"T. R." is what President Roosevelt is now coming to be called among his friends. The practice originated in his "kitchen cabinet." The young men who have frequent occasion to put on walking shoes and to wade the slush and mud of the surrounding country find it easier to say: "Have a message from T. R. to come around for a walk at 4," than to fill the mouth with the awkward syllables of "President Roosevelt wants," etc.

While his friends call him "T. R." the Republican members of the Senate generally allude to him by a notion of the right thumb in the direction of the white house, accompanied by a grunt. Sometimes they add some such expression as "our honored president," with carefully inflected accent on the "honored," or "the whole works," or "the big chief." Any allusion seems to come with a bad grace.

Of course, the man who breezes in

Hay's Hair Health

Miss Fannie McWannep. RESTORES your HAIR to its NATURAL COLOR.

Miss Fannie McWannep, Lake Geneva, Wis., writes of HAIR HEALTH: "My hair had been gray ever since I was sixteen years old. It started to get gray right on the crown of my head, was dry and full of dandruff, and my scalp itched dreadfully. I used HAY'S HAIR HEALTH according to directions, and my hair is now soft and glossy, and very few gray hairs left. I don't think I could get along without HAY'S HAIR HEALTH now, for it is such a fine hair dressing."

Guaranteed perfectly pure. 50c. AT DRUGGISTS.

HUGHES SOUNDS WARNING NOTE TO REPUBLICANS

Albany, N. Y., Feb. 28.—In a speech at the dinner of the Albany county Republican organization, Governor Hughes sounded a note of warning to the Republican party with special reference to New York state. After showing how Republican pluralities in this state had decreased until at the last election the entire Republican state ticket, with one exception, was defeated, Governor Hughes said that the Republican who fails to realize the significance of these figures is paying little attention to the demands of the people, and the result of these demands to party success. "If the Republican party expects to succeed in this state," said the governor, "it must support every effort to give efficient administration. Let us put an end to graft and to favors to special interests."

CASTRO RECOVERING FROM OPERATION

Washington, D. C., Feb. 28.—According to a letter received at the Venezuelan legation from Dr. Paul, the secretary of state, dated Feb. 16, surgeons made a complete examination of President Castro and found that he is making progress the wound caused by an operation healing in a satisfactory manner. This information is confirmatory of the cable advices received at the legation several days ago. The same letter gave details of the killing of Gen. Paredez, the revolutionary leader, and his followers, Feb. 12.

The oldest royal house in Europe is that of Mecklenburg. It traces its descent from Genseric, who sacked Rome in A. D. 455.

CASE ARGUED IN SUPREME COURT

FATE OF J. F. LINGAFELTER TO BE DETERMINED PROBABLY TUESDAY.

Newark Lawyers go to Columbus on Thursday to Present Matter to Supreme Court

Prosecuting Attorney James R. Fitzgibbon and Edward Kibler, representing the state, and J. B. Smith, counsel for the defendant, went to Columbus Thursday morning to argue the James F. Lingafelter case before the Supreme court. Frank V. Owen of Mt. Vernon and T. J. Abernathy of Columbus, also appeared for Lingafelter.

The former bank cashier who has been twice convicted of forgery and who faces a four year term in the Ohio penitentiary, seeks to file a petition in the Supreme court. The fate of the banker will probably be determined next Tuesday when it is expected that the Supreme court will pass upon the motion.

Robert C. Lingafelter tried to take his case to the Supreme court but permission to file papers in that court was denied and the young man was then obliged to begin his indefinite sentence in the Mansfield reformatory. Should the supreme court deny J. F. Lingafelter's motion, he will be obligated to enter upon his four year penitentiary sentence at once. Should the motion be granted, some time will elapse before the case is heard in the Supreme court upon its merits.

TONIGHT'S MASS MEETING.
Attend tonight's mass meeting of Newark citizens in the city council chamber. The Board of Trade urges you to attend.

"Regular as the Sun"
Is an expression as old as the race. No doubt the rising and setting of the sun is the most regular performance in the universe, unless it is the action of the liver and bowels when regulated with Dr. King's New Life Pills. Guaranteed by F. D. Hall, Druggist, 25c.

FATHER LEININGER AT NEW ORLEANS

Both He and Father Kress Return Safely to the United States from Honduras.

Zanesville, Feb. 28.—Father Leininger of Zanesville and Father Kress of Cleveland, who, according to dispatches received in this city Tuesday, were detained by the military authorities at Porto Cortez, Honduras, have been released, and on Monday evening arrived safely in New Orleans. Word to this effect was received by Father Leininger's mother and others in this city Wednesday. The message of Father Leininger to his mother was: "We arrived in New Orleans safe Monday night after a pleasant trip." The message was on a postal card as were all the other messages received here. In none of the private messages was the report of the detention of the fathers in the Honduran city referred to.

Father Leininger has not yet notified his mother as to when he expects to return home, but he will probably arrive here some time next week. Before returning home, however, the Fathers will visit Father John Holgrave in Louisiana, who was an old schoolmate of both, as the venerable mother of Father Leininger told a reporter who called upon her.

Although Father Leininger has mentioned absolutely nothing in connection with the reported indignities offered him and Father Kress, it has been learned that he was called out to baptize a child on the night it is said the Fathers were placed under arrest for being on the streets contrary to the mortal law, and it was probably while on the mission mentioned, that the detention took place.

SKELETON FOUND IN SECRET CELL

St. Petersburg, Feb. 28.—The newspapers here state that workmen who are engaged in renovating the so-called engineers' palace, constructed by Emperor Paul, discovered a secret door and a stairway leading to a cell in the basement, where they found a skeleton chained to the wall. History does not offer any explanation of the presence of the skeleton in the cell. This palace, in which Emperor Paul was assassinated, is a mysterious building, containing a number of secret passages, constructed by the emperor.

Telephone service for residences cost \$1 a year in Vienna.

TERM RECITAL OF CONSERVATORY

HELD BY PUPILS IN RECITAL HALL AT GRANVILLE WEDNESDAY NIGHT.

Meeting of Scientific Association Next Week—Phi Gam Entertainment. Granville News.

Granville, O., Feb. 28.—The term recital of the pupils of the Conservatory of Music, Granville University, was held at Recital Hall on Wednesday evening. There was a large crowd in attendance and the following program which was most artistically rendered, was greatly appreciated:

Moskowski, Air de Ballet—Marie Porter.
Lemon, My ain Folk—Paul Fox.
Alard, Fantasia—John Sherwood Fleck.
Schubert, Menuet—Marian Weiant.
Debussy, Serenade—Paul Cleveland.
MacDowell, Idylle, Ungarische—Bertha Stevens.
Haydn, My mother bids me bind my hair—Nina Binger.
Bach, Fugue (g minor)—Edna Stephens.

The members of the Phi Gamma Delta fraternity entertained most delightfully at dinner the following named young ladies: Misses Laura Beiler, Ruth Akers, Harriet Evans, Mildred Hooper, Madeline Antee, Miss Fernald and Marion Weiant.
Miss Jessie Owens of Springfield, O., who has been visiting friends in the village for a few days, returned home Thursday morning.

Miss Binger of Shepherd College, has been called to her home in Springfield by the death of her grandmother.

Lawrence Hall, a popular traveling salesman for a large Cincinnati wholesale house, was in the village Wednesday calling on his friends.

Miss Edith White of Newark was in Granville Wednesday.

Mr. and Mrs. Henry Fleck of Newark attended the pupils' recital Wednesday evening.

Miss Helen Weiant of Newark spent Wednesday with friends in Granville. The regular bi-weekly meeting of the Scientific association will be held in Recital hall on next Wednesday evening at 8:15 o'clock, on which occasion J. H. Mat'chew of Case Polytechnic Institute, will lecture on Agricultural Chemistry, using stereopticon illustrations to supplement his remarks. The last meeting of the association was a most profitable one. Dr. Herrick presented a paper on "Neurology vs. Phrenology." Also sectional reports were made by Professor Trask and Stickney.

At the last meeting of the literary committee of the Adytum board the prizes for the best stories and poems for the 1907 Adytum were awarded. The prize story was awarded to Miss Beulah Rector, '08, and the next best to Paul Alexander, '09. The prize poem was given to Victor H. Hoppe, '10, and the second prize to Fred McArthur.

The Ohio Baptist Ministers' Conference joins with Denison University in arranging for a spring conference to be held in Granville on April 1st to 4th. Many notable members of the theological faculties and prominent ministers will be present and address the conference.

Manager Forsythe of the 1907 baseball team, is arranging a good schedule for the team this season. Several contracts have been closed, and he hopes to close the remainder in a short time.

COMMONS

Favors Disestablishment of Church in England and Wales.

London, Feb. 28.—In the house of commons a resolution in favor of the disestablishment and disendowment of the church in both England and Wales was adopted by 198 votes to 90. This resolution does not commit the government, but the debate upon it was interesting on account of a statement made by Augustine Birrell, the chief secretary for Ireland. Mr. Birrell said he failed to see how the continuance of the established church could be justified. The church had done the state no good, and the state had done the church nothing but harm.

THIS ANTI-TOXIN SERVED GOOD TURN

Six Children Kept From Taking Disease by Reason of Its Use.

Columbus, Feb. 28.—Dr. C. O. Probst, secretary of the state board of health, received word Wednesday from a physician in Delaware which furnishes strong proof of the efficiency of the use of anti-toxin as a preventive of diphtheria. In a family in his practice a boy aged 17 years contracted the disease. There were six younger children in the family, and all were treated with immunizing doses of the anti-toxin, but the father and mother were not. Parents and children were equally exposed to the disease. Both of the parents contracted the disease, while not one of the six children did.
